

Raising the Bar in Fire

Plan of Works Pre-Launch

Terrace Pavilion, House of Commons
Thursday 15th June 2017
4pm - 6pm
Sponsored by Jim Fitzpatrick MP

The ASFP is working with stakeholders from across the entire construction industry to develop an overarching Construction Strategy to encourage collaborative working across the whole design and build process to improve the quality of installed fire protection within the built environment. Key to this is introducing fire protection into the RIBA Plan of Works to ensure that there is a detailed specification for fire protection in initial building designs, and a schedule for fire throughout the construction process.

The Raising the Bar event will review the work to date and outline the plans for taking the Strategy forward.

*This event is open to Members and their guests and is restricted to three people per Member Company.
The cost per person is £100 + VAT.
Champagne and canapés will be served from 4pm*
